. 2018 mid-year management is going well, but in the next year, the finance and operations must continue to work on cash-flow and liquidity and ensure to increase profitability, said General Director HR Sinar Loro Anggraeni, PT Bank Sinar Tbk. "The success of the bank will depend on the information technology infrastructure and a good relationship with the Regional Bank Indonesia," said HR Sinar Loro Anggraeni. "Strongly connected with the core banking, the role of Regional Bank Indonesia must also be strengthened in the whole business process of the bank." The customer who had been in operation since 2007, mainly for the business of retail banking and has network as joint-venture companies. Currently, the consumer banking is limited to members of Homebank and BCA customers. About 40% of the customer base in Indonesia, in addition to the home loan with the value of Rp 2 trillion (US\$ 161 million), includes the retail business, and about a third of the total home loan book is owned by the retail customer base. Bank Sinar was founded in 1990 by Bank Indonesia (BI) and the Ministry of Finance (MoF) as a wholesale bank, with the objective of being a bank that can provide financial services to customers across all sectors, primarily in its home province of Central Java, according to the bank's website. The bank was named Bank Indonesia Sinar Tbk, and was then included in the group of state-owned financial institutions. The bank currently has the network of 51 branches and 38 service centers across Indonesia. In addition, the bank has subsidiary companies in the areas of auto financing, construction finance, insurance, credit card, leasing, and asset management. PT Bank Sinar Tbk, the holding company of Bank Sinar Tbk, was listed on the Indonesia Stock Exchange (IDX) in 2011. It is the second largest financial services provider after Citibank Indonesia in Indonesia and has a customer base of more than 2 million. In 2014, Bank Sinar Tbk and Bank Indonesia, the government agency that is responsible for the supervision and regulation of banks in Indonesia, entered a strategic partnership to develop and operate several commercial banks in Indonesia.Q: How to configure eclipse to always build entire java project, including dependencies I'm new to eclipse, and I'm not sure if I'm using it right. I've started an android project in eclipse.
